## Lloyd's Register of Shipping.

71, Fenchurch Street, E.C.

28th November, 1917.

H. Dear Sirs,

With reference to the Classification in this Society's Register Book of the Steamer "MOLESEY" and to the Special Survey No. 1 which became due on this Vessel in November 1916, I beg to acquaint you that to complete this inspection, the lower side bunkers require to be cleared and examined, the ceiling in the cross bunker to be partly renewed and the ironwork in this bunker cleaned and coated.

As regards the Engines, all the rule requirements remain to be complied with excepting the examination of the Screw Shaft, Propeller and Sea-connections. The Boiler Survey was carried out in December last, but will again become due at the end of next month.

I shall therefore be obliged if you will kindly let me know, for the information of the Committee, when and at what Port you expect to be in a position to have the Special Survey completed.

I am, Dear Sirs,  
Yours faithfully,

Messrs. Watts, Watts, & Co, Ltd.,  
7, Whittington Avenue,  
E. C. 3.

Secretary.
