Dear Sir,

We return herewith the Certificate of Classification of the s/s "Salamanca", our No. 213 ship. After the vessel was completed & registered, the Board of Trade Surveyors found an error in the tonnage, which they amended. We believe the final figures were 1997.03 tons. Will you be good enough to have the Classification Certificate amended in accordance with these figures & return to us at your convenience.

We are, Dear Sirs,

Yours truly,
