

COPY.

22nd November, 1912.

Dear Mr. Scholefield,

In reference to your letter of the 20th instant, which is being replied to officially tonight, I think it well to explain that upon receipt of your letter we telegraphed to the Society's Surveyors at Sunderland to send on their reports, which came to hand this morning and have been put before the Classing Committee today. As, however, the fees have not yet been paid (having, in fact, only been applied for yesterday), it would not be in order for us to part with any of the certificates; but as the certificates have been forwarded to the Society's Sunderland Office, with a view to their being handed over upon payment of the fees by the Builders, I hope this will meet your convenience and avoid any delay.

Yours faithfully,

Arthur Scholefield, Esq.,  
17, Sandhill,  
NEWCASTLE ON TYNE.
