by Chief Ship Surveyor 18.1.15

Received from Chief Ship Surveyor

EL'S NAME Shells Kelly Rpt. Rot No. 9533

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/92.)

of Survey

It is submitted the Glasgow Surveyors be informed the vessel is proceeding to their port and that in order to complete the survey, the Engine & Boiler casings require to be painted up, the boats to be supplied & the equipment completed, and on completion of the survey they should forward a report on form 8 with a view to the classification of the vessel.

The Rotterdam Surveyors should be requested to state what items of the equipment still require to be supplied.
