12th November, 1912.

E. Gentlemen,

I return herewith the first entry machinery report (Sunderland 25461 Newcastle 63256) together with the approved pumping plan respecting the S.S. "FULGENS", Messrs. Wood, Skinner & Co's No. 179 vessel, and with regard thereto I have to request that you will let me know whether you are correct in stating that one 3½" centre suction in each hold well has been fitted as it is not clear from the report whether the wing suctions in these holds have also been fitted in accordance with the approved plan and ~~matter~~ letter of the 7th June last.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
