Dear Sir:

Referring to your representative's telephone calls in regard to this matter; we have looked through our file, but find that your reply to our letter of June 27th was, unfortunately, sent on to New York without a copy being taken. However, we enclose a copy of our original enquiry, which may enable you to trace the matter. We think your reply was in the nature of an enquiry as to whom we represent, but are not quite certain of this.

Yours faithfully,

Russell H. Porter
