1012-15 L. C. SMITH BUILDING
SEATTLE, WASH. April 9, 1918.

The Secretary,
Lloyd's Register of Shipping,
New York.

AUX. WOOD SCHOONER "BALESTRAND"

Dear Sir:-

With reference to the 1st Entry Report,
No. 570, on the Aux. Wood Schooner, "BALESTRAND", it
will be seen that the anchors supplied are not equal
in weight to the rule required and the stream chain
not tested. The Owners state that a heavier 3rd
bower anchor will be supplied and the stream chain tested
at the first convenient opportunity. The class A1-12 years
is recommended subject to the above.

Yours very truly,

WC/FE
