Lloyd's Register of Shipping.

Port

MONTREAL.

November 18th 1939.

This is to Certify *that I have*

Surveyed the Boiler and Machinery of the

Steel Screw Steamer "GRO"

4211 tons gross register of Bergen

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended *that the record of* *B.S. (date), subject to*
safety valves of port main boiler being adjusted under steam,

be made in the Register Book in the case of this vessel.

NOW DONE:- *Port Main Boiler examined throughout and found in good condition.*

(Signed) ROBERT W. MORTON

Acting Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
