Dear Sirs,

It is observed from a report in the press that a mishap occurred at the launch yesterday of the Steamer "HOLMEFORCE" from the yard of the Goole Shipbuilding & Repairing Co., at Goole, and I have to request that the Surveyor who attended the launch will be good enough to furnish a report on the occurrence for the information of the Committee.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
