24th August, 1945.

Dear Sir,

Messrs. Aitchison Blair Ltd. Engine Nos. 283/4/5/6.
Messrs. A. & J. Inglis Ltd. Yard Nos. 1298, 1300/1/2.
British Polar Main Engines E.478, 496, 497 and 574
Torsional Vibrations.

I am in receipt of your letter of the 22nd instant enclosing torsionograph record and results of trial in the case of the motor vessel "EMPIRE CAMDEN", (engine No. E.496).

With regard thereto, I have to inform you that the torsional vibration characteristics of the main machinery of the above vessels have been further examined in conjunction with the torsionograph records taken by Messrs. British Polar Engines Ltd. and found satisfactory.

Yours faithfully,

Secretary.

The Secretary,
GLASGOW.
