Records Opening Fitted.

... skin planking, or ceiling are of unusual thickness the breadth of vessel to inside ... should be reported if possible.  
... obtaining an allowance for deck erections under Para. 11 where the sheer drops abaft amid- ... height of the R.Q.D. is to be taken from the level of the top of the amidship beam.  
... ked vessels the total standard mean sheer means the sheer measured at the stem and stern...

+ State dimensions of freeing port area on back of this form.  
+ The Surveyor should state whether the fall in sheer reported is measured relatively to the straight line of keel or to the water line. If measured relatively to water line the vessel's draft at time of survey and also the usual load draft forward and aft should be reported.
